

Here are the full testimonials of pastors who have used our new movers' ministry:

"we have seen several visitors as a direct result of our efforts"

Using the new movers' list has greatly helped us in the planting of this church. We have been pleasantly surprised by the reception of our postcards and the quality of our visits, and we have seen several visitors as a direct result of our efforts.

- Pastor Steve B. (Glen Allen, VA)

"NewMoversforChurches.com "offered our people opportunities to spread the Gospel"

"Visiting new movers in our area has offered our people opportunities to spread the Gospel. It has been good to see the burden of our church grow."

- Pastor Sam K. (Wilmington, DE)

"In our efforts, we have made many new friends, but most importantly we have had four adults make a profession of faith"

"We began using the NewMoversforChurches.com list about three months ago, and we have been blessed to meet many different people in our community. Most visits to a door are pleasant with the exchange of greetings, sharing of a gift bag from the church, and a verbal invitation to attend services. In our efforts, we have made many new friends, but most importantly we have had four adults make a profession of faith ... two when a couple visited our Sunday services after a Saturday visit, and two others at their home doors."

- Pastor C. Williams (Martinsburg, WV)
